CINEMA'S BEST VILLAINS

BY LUKE THOMPSON

Hi there! I'm Luke. Welcome to my blog about cinema! I love watching films and going to the cinema. I sometimes go three times a week! My favourite types of film are horror, action-adventure and fantasy. What about you?

I love Hollywood villains. Here are my top three. Do you agree?

CRUELLA DE VIL

FILM: *101 Dalmatians*

PLAYED BY: Glenn Close

I don't like this film much, but Glenn Close is a great villain in it. She loves puppies and especially Dalmatians – because she wants to wear them! Ha! She smokes a lot and wears terrible clothes.

FAMOUS PHRASE: "You beasts!"

Fact David Prowse played Darth Vader, but we don't hear his voice. That was a different actor: James Earl Jones!

DARTH VADER

FILM: *Star Wars V: The Empire Strikes Back*

PLAYED BY: David Prowse

This is my favourite film and Darth Vader is a great villain because he never shows his face and he speaks with a strange voice. I love the scene when he tells Luke that he's his father. It's one of my favourite movie moments!

FAMOUS PHRASE: "I am your father!"

THE JOKER

FILM: *The Dark Knight*

PLAYED BY: Heath Ledger

Definitely the best! Heath Ledger is fantastic in this film. Mum doesn't like because it's very violent, but the Joker is brilliant – scary and funny!

FAMOUS PHRASE: "Why so serious?"

Yes, I'm interested in seeing a Bollywood film because I really like music and dancing!

Forget Hollywood, Bollywood is number one in the world of cinema!

Bollywood is the name of the Hindi film industry in India. Its home is the city of Mumbai ('Bombay' in the past) and it gets its name from the words Bombay + Hollywood. It makes about 1,000 films every year, that's more than Hollywood. More people watch Bollywood films too, a lot more people: over three billion! About 14 million Indians go to the cinema every day!

Bollywood films are different from Hollywood films in a lot of ways. They are very long, usually about three or four hours, and almost all of them are musicals – they've got a lot of songs. The film *Indra Sabha* has got the record for the most songs; it's got 71 and lasts over three hours.

Music and dancing are very important in Bollywood and the films usually contain typical Indian music and dance, like *Kathak*, or 'tell a story', a type of traditional Indian dance. The dance helps to tell the story of the film. Bollywood films often include romance, comedy, action and adventure in their stories.

The films aren't only popular in India. People watch them in over 90 countries around the world! They make the films in ten different languages including Hindi, Bengali and Tamil, but you can watch them in English or with English subtitles.

Get it right!

We say: *The dance tells the story of the film.* (X ... the history of the film.)

Fact Ab Tumhare Hawale Watan Saathiyon is the longest Bollywood film song. It lasts 20 minutes!

Writing

A film review

- 1** Look at the photo and read Hannah's blog post about her favourite film. Do you know the film? What kind of film is it?

One of my favourite films is the fantasy film *Twilight*, the first film in the *Twilight* saga. It's directed by Catherine Hardwicke and stars Kristen Stewart and Robert Pattinson.

The film is about a teenage girl called Bella. She moves to the small town of Forks near Washington in the US and meets Edward. She discovers he's a vampire but he only drinks animal blood. They fall in love but another vampire decides to kill Bella, so Edward tries to protect her.

I like this film because the acting is really good. The music and camerawork make it dark and mysterious. This film is perfect for fans of fantasy and romance.
