### Final Test Standard. Listening. Exercise 9.

**Listen to five people talking about their favourite places. Are the sentences true (T) or false (F)?**

- 1 I love going to the beach because we live in a big city and it's a long way from the sea. We usually go there in the summer holidays and we stay in the same hotel every year. I've got a lot of friends there and we go swimming every day and sometimes we go surfing. It's brilliant.
- 2 My grandparents' house is my favourite place because my grandma's a fantastic cook and she always cooks the food we like and I love their dog. We usually get up late and take the dog for a walk. Then we often have lunch outside.
- 3 We don't live in a big town so it only takes five minutes to get to the forest. In the autumn, the trees are amazing. I love all the colours and I often take photos and paint pictures. Sometimes you can see wild horses but usually it's really quiet.
- 4 Don't laugh but my favourite place is our local pizza restaurant. I always go there for my birthday. On Saturdays there's live music and they have a special 'eat as much as you can' for six-pounds deal. They can't make much money when we're there!
- 5 I love animals and I want to be a vet when I leave school. o my favourite place is the zoo. It's expensive so I don't go very often but I love it, especially the monkeys and the seals. They've got great personalities and I can recognise some of them now. They're all different and some of them are really funny.
