Reading

10 Read Lara's blog.

Hi there! I'm Lara. Welcome to my blog about the cinema. I love watching films, but I don't go to the cinema very often because we have a lot of films on DVD, so I watch them with my family. We all like the same type of films. Here are some of my favourite films. Do you like them too?

 **HAPPY FEET**
This is definitely my favourite film of all time! I just love the story and the music. I don't usually like cartoons but this has got such a good message about the world and nature and of course the actors are fantastic.

 **FOUR WEDDINGS AND A FUNERAL**
I always laugh and cry when I watch this film! There are a lot of famous actors in it and Hugh Grant is so good-looking! I love it when John Hannah's character reads a romantic poem. I cry every time I hear it.

 **ALL THE INDIANA JONES FILMS**
In my family we all love action-adventure films. And the Indiana Jones films have got a bit of fantasy in them as well, so they're perfect for us. Dad thinks he's similar to the Indiana Jones character (But he's very different to Harrison Ford!). I think these films are the perfect combination of adventure, comedy, romance and fantasy.
